We would like you to consider the further clarification request:

You accepted in your previous response to clarification that criteria mentioned in articles 2.2.2 & 2.2.4 covering respectively technical and financial eligibilities criterion are transferable from direct parent company to its subsidiary.

In the same approach, we kindly ask you to consider for Joint Venture or Group of firms that the classification Grade 7 (seven) of the direct parent company is identically transferrable to its direct affiliate company (ie the Leader of the Joint Venture candidate). In that case, the Leader will be a company supported by the certificate of Grade 7 attributed to its direct parent company.

Answer: The abovementioned request, that in the case of a Joint venture or Grouping of firms the classification Grade seven (7) of the direct parent company is identically transferrable to its direct affiliate company (ie the Leader of the Joint Venture or Grouping of firms), cannot be accepted. Therefore, the Leader

cannot be a company supported by and invoke the certificate of Grade 7 attributed to its direct parent company.
