

**INVESTMENT GENERAL DIVISION
PROCUREMENT DEPARTMENT**

SUBJECT: Clarifications about the TED 061 "Tender for the supply of Wire ropes and other Load lifting devices"

As regards to the tender questions, below the relevant clarifications are presented

1. Question

Could we have the deadline of the submission of the bids some days after the deadline of the 10-03-2021?

Reply

The relevant extension of the bids submission – published on the THPA website- has been approved until 12th of March 2021.

2. Question

Are the wire ropes that are manufactured in Great Britain approved in the Tender?

Reply

Yes, the wire ropes manufactured in Great Britain are approved in the Tender.

3. Question

Wire ropes type A/A 9.

The wire rope MBL according to the technical specifications is 662 kn. Does the specification is about wire ropes type 6x36WS-IWRC / 1960 with MBL: 715kN instead of 6x36WS-FC?

Reply

The tender about requires about this S.N needs 6x36WS-FC / 1960 with MBL=662KN

4. Question

Wire rope slings with A/A 1

Would you approve wire rope slings according to the MBL =700KN which means D32mm/6x36WS-IWRC/1960 or according to the required WLL =9TN which taking into consideration the safety factor 5:1 (according to the European Legislation) means D30mm/6x37-FC/1960

Reply

The requirement about the wire rope slings of S.N 1 Both ends hand sliced are type: D32mm/6x36WS-IWRC/1960 and the wire rope sling WLL is at least 9tn.
