

**GENERAL DIVISION OF PROCUREMENT & INVESTMENTS
PROCUREMENT & INVESTMENTS DEPARTMENT**

**REQUEST FOR PROPOSALS
FOR THE ANNUAL INSPECTION, MAINTENANCE, REPLENISHMENT AND REPLACEMENT OF THE FIRE
EXTINGUISHERS OF THPA SA**

ThPA SA conducts a market research for the annual inspection, maintenance and replenishment of various types of fire extinguishers.

A' GENERAL TERMS

1. OBJECT

1.1. Description of the Object

The object of this RFP is the annual inspection, maintenance and replenishment of about 852 fire extinguishers of various types, the replacement of fire extinguishers that will be deemed unsuitable for use after the completion of the inspection, as well as the supply of materials and equipment, in accordance with the following terms.

1.2. Duration

This supply shall be completed within one (1) year.

1.3 Right of Participation

Natural or legal persons, consortia or suppliers' associations, which are professionally engaged in the trade and maintenance of fire protection means, are eligible to participate in this tender.

2. DESCRIPTION OF THE TENDER PROCEDURE

2.1. Award criterion

The Supply will be awarded on the criterion of the most economically advantageous bid based on price (Lowest Price).

Only bids that include all the services requested and the supply of new fire extinguishers shall be accepted.

2.2. Bid submission

Bids shall be submitted electronically, no later than **30.07.2021** by sending a compressed locked file folder to both email addresses gpapageorgiou@thpa.gr, cathanasiou@thpa.gr. The password shall be submitted by email following relevant information. Instructions for creating a locked file have been posted along with this RFP on the website of ThPA SA.

2.3. Clarifications

Requests for additional information - clarifications shall be submitted electronically to the Procurement and Investments Department of ThPA SA at the following address: cathanasiou@thpa.gr also forwarding the request to gpapageorgiou@thpa.gr and for technical issues to the email: evafaki@thpa.gr, no later than two (2) working days before the deadline for submission of bids. Requests for clarifications submitted in any other way will not be considered. Clarifications are posted electronically on the website of ThPA SA. www.thpa.gr.

2.4. Extension, amendment, addition or cancellation of the tender

ThPA SA reserves the right to extend the time for submitting bids or to cancel the award procedure, or to decide to repeat it at any stage, without any liability, cost or penalty, following a decision by its competent body. It also reserves the right to modify the terms of the procedure with transparency.

3. Bid details

Bids shall be submitted in Greek, without being dependent on any other term, condition, proviso or reservation, as follows:

- (a) Participation documents
- (b) Technical Bid
- (c) Economical Bid

Otherwise, alternative bids, counter-bids or modifications of bids or any proposals that may be classified as counter-bids will not be considered.

3.1. Participation documents

Bids shall be submitted in Greek, bearing the signature and stamp of the company and they shall include the following information:

- A **Formal Statement** of Law No 1599/86 as currently in force, indicating that the bidder became aware of the terms of this RfP, which he/she fully and unconditionally accepts.
- A **copy of Legal License** of Operation.
- A **copy of fire extinguisher inspection, maintenance & replenishment certificate**, at least of low pressure.
- A **copy** of ISO 9001: 2015.
- A **copy** of Certificate of Approval of Regulation for the Operation of a Recognized Company, pursuant to the JMD 618/43/2005 (Official Gazette Bulletin 52/B'/20.01.05) and the amending JMD 17230/671/2005 (Official Gazette Bulletin 1218/B'/01.09.05), for periodic inspection, maintenance and replenishment of fire extinguishers.
- A **copy** of Certificate of Adequacy of the Competent Person, pursuant the JMD 618/43/2005 (Official Gazette Bulletin 52/B'/20.01.05) and the amending JMD 17230/671/2005 (Official Gazette Bulletin 1218/B'/01.09.05).
- A **copy** of Certificate of Approval of the Regulation for Fire Extinguisher Inspection Center (if any)
- A **Formal Statement** indicating that the tenderer meets the requirements for the trade of fire extinguishers, their maintenance, inspection and replenishment processes (JMD 618/43 of the Ministers of Development - Public Order, Official Gazette Bulletin 52B'/20.1.2005 and the decision num. 17230/671 Official Gazette Bulletin 1218B' /01.09.2005) amending the former.

3.2. Economical Bid, according to the attached template, which shall bear the signature of the tenderer and the seal of the company and shall include at least the following:

- The total net bid price in euro excluding VAT consisting of:
 - the unit bid price for the maintenance of the different types of fire extinguishers.
 - the unit bid price for the replenishment of the different types of fire extinguishers including the receipt-delivery cost and the **cost of replacing all powder** of the fire extinguishers.
 - the unit bid price for the hydraulic test of different types of fire extinguishers. The offered price shall **not** include the cost of replenishment and the value of the fire extinguishing equipment.
 - the unit bid price for the supply of different types of fire extinguishers.
 - the bid price for the supply of 1 kg of ABC 40 powder.
- The time for completion of works, which shall not exceed sixty (60) days.
- The time of bid validity which cannot be less than sixty (60) days.

In addition, participants shall submit an economical bid for the supply of fire extinguishers, firefighting equipment and spare parts that are detailed in Part B of the template economical bid.

It is noted that the above prices are not an evaluation criterion for the selection of the bidder, but will be binding for the Contractor in the event that the supply of such items is deemed necessary.

3.3 Technical Bid describing in detail the maintenance, replenishment and hydraulic testing works. The technical bid shall be accompanied by a Certificate of the fire extinguishing powder, to be used in the dry powder fire extinguishers, as per EN 615 by a recognized certification body, as well as a material data safety sheet and technical leaflets of the fire extinguishers offered for purchase.

4. Bid Validity

Bids submitted are valid and bind the participants for a period of sixty (60) days from the deadline for their submission. The bid validity may be extended upon request by ThPA SA, prior to its expiry, for a maximum period of time equal to the initial bid validity period specified in the RFP.

5. Bid opening- evaluation

The opening of the bids shall take place in a reasonable time after the deadline for submission of bids, without the presence of the participants.

During the evaluation, ThPA SA may address requests to the economic operators concerned for clarifications and economic operators must provide clarifications within the time limits set.

After completion of the evaluation, participants are informed of the acceptance or rejection of their bid.

6. Price Adjustments

The offered prices are considered fixed and final and are not subject to adjustment for any reason and cause until the end of the project. For that reason, the participation of any interested party in the tender entails his explicit, unconditional and irrevocable resignation from any right to adjust the prices offered and possibly resulting from another relevant provision.

7. Applicable provisions

This supply will be performed in accordance with the general and special terms hereof.

8. Special terms for the performance of the project

8.1. LETTER OF GUARANTEE

The signing of the relevant contract requires the submission of a Letter of Guarantee, amounting to 5% of the total contractual remuneration, excluding VAT deposited before or during the signing of the related contract.

The performance guarantee covers in total and without exceptions the application of all terms of the contract and any claims of ThPA SA against the contractor.

The performance guarantee shall be forfeited in the event of a breach of the terms of the contract, as specifically stated in the contract.

8.2. Time for completion of maintenance works

Maintenance and/or replenishment of all fire extinguishers shall be completed within sixty (60) days from the date of signature of the contract. Extension of the delivery time cannot be granted.

8.3. Obligations of the maintenance specialist

During the performance of the contract, the contractor shall comply with his environmental, social security, labor law obligations and the specific safety rules established by EU law, national law, collective agreements or international environmental, social security and labor provisions.

8.4. Maintenance deliverables

The Contractor is obliged to issue Formal Statements (article 8 par. 4 of Law No 1599/1986) indicating the following: "At the company ThPA SA, the Contractor has carried out and ensured the inspection and proper maintenance of the fire extinguishers provided for in the approved fire protection study for all units in total and separately for the fire extinguishers in each Fire Extinguishing Place of Interest (21399, 20060, 21400) , pursuant to the JMD 618/43/13-01-2005 (B ' 52)".

Upon completion of works, the contractor shall submit an electronic maintenance/replenishment register which shall state the following information for each fire extinguisher:

- Order number
- Extinguisher serial number
- Manufacturer or supplier of fire extinguisher
- Content, type & weight
- Manufacturing date
- Date of maintenance, replenishment, inspection (year and month)
- Inspection remarks on charge material, replacement of worn parts, replenishment, hydraulic testing etc.

8.5. Reception of extinguishers after maintenance

Upon completion of works, the maintenance specialist will deliver the fire extinguishers to the same location where he received them. During delivery, the fire extinguishers shall be accompanied by the necessary documentation for the Fire Service. Inspection and certification of the reception of fire extinguishers shall be performed by the Fire Safety Officer of the Health, Safety & Environment Unit of ThPA SA. In case of rejection of the fire extinguishers delivered for use, the contractor is obliged to replace those rejected because of poor quality, or hidden defect, or construction defects, without any other compensation and within a reasonable time from the notification to the contractor, set to one (1) month.

8.6. Sampling check after maintenance

Sampling check and use of fire extinguishers may be carried out during delivery at a rate not exceeding 3% of all extinguishers. After the check, the maintenance company is obliged to replenish the used fire extinguishers without charge.

8.7. Payment method

The procurement is financed from the regular budget of ThPA SA.

Payment to the supplier will be made upon issuance of an invoice sixty (60) days after the month of issuance and the receipt and the relevant certificate of the Fire Safety Officer of the Health, Safety & Environment Unit of ThPA SA on the document of receipt of the fire extinguishers without adverse observations.

PART B: TECHNICAL TERMS

1. Object

This tender procedure is about the inspection, maintenance and replenishment of the fire extinguishers of ThPA SA, the supply of the replenishment materials that will require replacement due to wear (manometers, valves, straps etc.), as well as the replacement of the fire extinguishers deemed inappropriate for use after completion of the inspection. The maintenance works relate to the following extinguishers whose details are set out in a table in the Annex.

Type of Fire Extinguisher	Pcs
2 kg powder fire extinguishers	16
3 kg powder fire extinguishers	1
6 kg powder fire extinguishers	410
9 kg foam fire extinguishers	13
50 kg foam fire extinguishers	1
12 kg powder fire extinguishers	210
25 kg powder roller fire extinguishers	33
50 kg powder fire extinguishers	2
12 kg powder roof fire extinguishers	40
6 kg powder roof fire extinguishers	2
2 kg CO ₂ fire extinguishers	16
5 kg CO ₂ fire extinguishers	108
Total fire extinguishers	852

1.A) Fire extinguisher maintenance – replenishment – hydraulic testing

Maintenance, replenishment and hydraulic testing will be performed in accordance with the JMD 618/43/2005 (Official Gazette Bulletin 52/B/20-1-2005) "Requirements for the trade of fire extinguishers, their maintenance, inspection and replenishment processes", as amended by the JMD 17230/671/2005 (Official Gazette Bulletin 1218/B/1-9-2005), as well as pursuant to the circular num. 15325/871/16-6-2008 of the Ministry of Development "Installation of control ring on fire extinguishers" and the current legislation on the inspection, maintenance and replenishment of fire extinguishers as described in detail in the JMD 618/43/05 of the Ministers of Development and Public order, as well as in the JMD 7230/671/05.

The maintenance specialist, under the supervision of the Fire Safety Officer of the Department of Security - Emergency Policy Design of ThPA SA, shall visit all premises of ThPA SA to record and number all fire extinguishers and make an initial estimate of the works that will be required.

The maintenance specialist, with his own means, will receive from and deliver the Fire Extinguishers in installments at the premises of ThPA SA, so that there is no fire safety risk throughout the duration of the inspection.

For the implementation of the above, a timetable of works will be agreed with the Fire Safety Officer of the Health, Safety & Environment Unit of ThPA SA, who must ensure that the Contractor has free access to the required premises of ThPA SA.

The fire extinguishers, upon inspection, shall be delivered by the CONTRACTOR under the supervision of the Fire Safety Officer of ThPA SA and shall be placed at the point where they were received from.

All of the above works shall be completed within a maximum sixty (60) days from the date of signing the contract. Extension of the delivery time cannot be granted.

1.B) Supply of fire extinguishers

The Contractor shall undertake the supply of fire extinguishers that will be required during the annual contract. The fire extinguishers to be supplied shall be constructed in Greece, be new and unused, of excellent construction and shall bear the necessary labeling. All fire extinguishers shall meet the test requirements and minimum required extinguishing efficiency in accordance with EN3 standards for portable fire extinguishers and EN 1866 for wheeled fire extinguishers.

The fire extinguishers shall be supplied during maintenance, in installments and the time of their replacement at the premises of ThPA SA shall not exceed 3 working days from the written order.

1.C) Supply of fire-fighting equipment - materials

ThPA SA may be supplied those fire-fighting materials mentioned in Part B of the Bid Document that are deemed necessary according to the needs of the company. The offered prices are binding for the Contractor and shall not be adjusted during the relevant contract.

Manometers	
6 & 12 kg PA Rubber	
25 kg PA Rubber	
5 kg funnel for CO ₂	
Wheeled extinguisher wheel	
ABC powder (price per kg)	
CO ₂ (price per kg)	
(C) FIRE-FIGHTING EQUIPMENT	
Fire Hose with hook, metallic red, with plastic handle. RAL 3000 Electrostatic Paint, UV - Protection with silkscreen. Dimensions (height x width x depth): 500 x 470 x 140 mm.	
Complete metallic red fire hose with hook, with red water hose 1/2" 20m, with new plastic adjustable nozzle 1/2 ", connection joint with the tap and two galvanized clamps. Not assembled, but with all components mounted inside the hose. RAL 3000 Electrostatic Paint UV- Protection with silkscreen. Dimensions (height x width x depth): 500 x 470 x 140 mm.	
Fire hose with reel, metallic red. RAL 3000 Electrostatic Paint , UV- Protection with silkscreen. Dimensions (height x width x depth): 700 x 630 x 180 mm.	

Complete metallic red fire hose with reel, with 2" 8 bar hose. Tied with stainless galvanized wire and protective sleeves. With aluminum joint, tail and thread, hydrant and adjustable aluminum nozzle. RAL 3000 Electrostatic Paint , UV- Protection with silkscreen. Dimensions (height x width x depth): 700 x 630 x 180 mm. NOT ASSEMBLED	
Fire hose, tied 2"- 8 bar - 20m, Diameter to the inside: 2", Operating pressure: 8 bar, Test pressure: 24 bar, Burst pressure ≥ 50 bar, Length: 20 meters, Weight: 145 gr/m.	
Fire hose, tied 2"- 8 bar - 20m, Diameter to the inside: 2", Operating pressure: 8 bar, Test pressure: 24 bar, Burst pressure ≥ 50 bar, Length: 20 meters, Weight: 145 gr/m. Fire pipe tied with joint, with stainless steel galvanized clamp and protective sleeves to protect hands during use. Manufactured according to the requirements of the Fire Brigade Headquarters and international standards.	
Aluminum nozzle, Adjustable 1 3/4 " -2 " , Male coil.	
STORZ Aluminum joint, 2" Tail, made of pure aluminum (non-recycled), high strength and typical shine. WITH WHITE SEALING RUBBER.	
Fire-fighting tools station, metallic red, with 4 support hooks. RAL 3000 Electrostatic Paint , UV- Protection. With silkscreen. Dimensions (height x width x depth): 700 x 630 x 180mm. With 4 tool support hooks.	
Complete Type B' fire-fighting tools station, metallic red, with 4 support hooks (in accordance with the GG 2434 B' / 12.09.2014). RAL 3000 Electrostatic Paint , UV- Protection. With silkscreen. Dimensions (height x width x depth): 700 x 630 x 180mm. With 4 tool support hooks.
