

ITEM: Clarifications to a question submitted within the framework of the open tender TED 089/2022 for the "Collection and management of solid waste and cargo residues generated by ships calling at the marine area under the jurisdiction of ThPA SA"

QUESTION: Clarifications regarding the proof of registration in the Electronic Waste Register (HWR) for EWC codes of non-hazardous waste of the Facility(-ies) of delivery of collected solid non-hazardous waste.

REPLY: Regarding the Facility and/or Facilities of delivery of collected solid non-hazardous waste, the proof of its registration in the Electronic Waste Register (EWR) should include at least the EWR codes of non-hazardous solid waste referred to in the approved and published Plan for the Receipt and Management of ship-generated Waste and Cargo Residues of ships calling at the Port of Thessaloniki Chapter 4.3, Table 10, pp. 42-45 in the section of the Table entitled MARPOL Annex V – Garbage/Waste from ships as well as in the section of the Table entitled MARPOL Annex VI – Ozone depleting substances etc.

This Plan is posted on the ThPA SA website at the following link:
